RE: Highway clean-up

Hello Parents;

Last fall we were given 28 km of highway to clean-up as part of the provincial government's efforts to maintain litter free highways. We are paid \$100 for every kilometer that we clean and by highway, I mean the ditches that run along side the road and not the road itself. The money that we raise will go towards the purchase of homes in Mexico that our students build on their mission trip. This year we have been given 47 kilometers.

We are in need of parent volunteers to help us on May 1. From the time we start at 9 AM, it will take each group 2 – 2.5 hours to complete their 5 km section of highway. Each group is comprised of 6 individuals, 3 on each side of the highway.

If you enjoy a good walk and have Saturday morning, May 1 open, please call the school and leave your name with Cathy. This is an excellent way to raise funds for our Mexico Mission trip and meet some of the other Brant Christian parents.

A quick response to this e-mail will greatly help in our planning.

Thank you,

Kevin Bailey
