

**10" Hanging Baskets - Assorted Colors. Unfortunately we cannot offer a choice of color.**

**\$35.00 each**

**BEGONIA**

Non Stop Begonias have proven performance outside in semi-shaded areas. With fully double flowers and bright color, this variety of Begonia has a nice mounding habit and is fairly wind resistant.

**\$35.00 each**

**MILLION BELLS (CALIBRACHOA)**

Although Calibrachoa loves bright sun and heat, it will perform well in both full sun and indirect sun. This is a trailing variety that will produce hundreds of flowers. Calibrachoa will continue blooming up to the first hard freeze.

**\$35.00 each**

**OSTEOSPERMUM**

These come into bloom from planting until hard frost. Osteospermum are very versatile plants. They thrive in sun or partial shade. However, they are also heat and drought resistant and tolerant of semi-cold conditions.

**\$35.00 each**

**PANSY**

Pansies are generally very cold hardy plants surviving freezing even during their blooming period. These plants grow well in sunny or partially sunny conditions. Pansies bloom spring through early summer.

## **10" Hanging Baskets (continued)**

**\$35.00 each**

### **PETUNIA SUPERTUNIA**

Supertunia's remain attractive from spring planting until the first frost in fall. The plants grow upright, yet also cascade. Supertunia's like full sun and grow compact and uniform.

**\$35.00 each**

### **TOMATO – RED PROFUSION**

This trailing tomato produces many pop in your mouth fruits. They grow rapidly all over the plant and its shape is ideal for growing in a large hanging basket.

## **12" Hanging Basket**

**\$45.00 each**

### **MIXED PREMIUM ANNUAL – 12" Hanging Basket**

Our premium mixed baskets are an assortment of 3 varieties of plants that complement each other. These have been picked to grow nicely together in a sunny location. This picture is of one assortment, but they are all different combinations. No choice of color or combination.
